---

A Stanislaus county correspondent of the S. F. *Bulletin* says: It is universally conced that the yield is not so heavy as was anticipated before harvest commenced. The falling off appears to have been in the volunteer, which, in some places, in and around Turlock, for instance, was scarce worth cutting. One prominent Granger, who threshed around the county fifty-three days this season, informed me that his invariable experience was a great falling off in this particulr, and he alone placed the estimate for this year for the county at not more than two-thirds of the crop of 1872. His figures bring up the amount to about 4,000,000 bushels.

A blooded horse is a horse having more than an ordinary amount of drops or pounds of blood in his system in proportion to his size and weight. This large amount of blood acts upon his system through a large heart and correspondingly lorge arteries and veins; and when put in motion, it acts in driving him to speed the same as an increased amount of fire under a boiler drives up a greater amount of steam and makes the machinery go faster. This large amount of blood also acts in refining the skin, making it and the horse finer than in a horse of less blood; it refines and gives elasticity to the muscles, feet, etc.; it refines the entire horse, making strong the valuable parts, and fitting the whole system for speed and endurance.—*Live Stock Journal*,

Everybody is wondering why the BAZAAR is selling their goods so cheap. The reason is they must clear out their Spring and Summer goods to make room for the immense stock of Fall and Winter goods which they will soon receive. *

The BAZAAR is now giving 12 yards Best American Prints for $1. Also, six yards 4-4 French and American prints for $1. At the corner of Main and Requena streets, opposite the U. S. Hotel. *

Though preachers may preach and teachers teach
Of the evil effects of drink,

With bottles by their side.
Say what you will—talk with skill—
'Tis true beyond a doubt,
That sparkling wine is a gift divine

CITY AND COUNTY OFFICIAL PAPER.

SATURDAY..................OCT. 3, 1874.

AN article in this morning's HERALD relative to settlers and timber cutting will be found of interest to both those who locate on Gevornment land and officials. The document is official.

### An Insidious Attack.

An evening cotemporary which has the reputation of being influenced by some of the special franchise owners of the city, attempts to make a point against Mr. BEAUDRY through his opposition to the enforcement of the rigid measures proposed by the Health Officer. There are but few people in this city who will not read the report of the Council proceedings and those who do, need not be told that Mr. BEAUDRY did not oppose a reasonable degree of energy in the way of abating the many nuisances that exist in the city. His position was that we are not in a condition to enforce the rigid decipline that is a necessity in large cities. There have been no rules of this nature obeyed in Los Angeles heretofore, and Mr. BEAUDRY believes that the sudden enforcement of the extreme measures proposed by the late Health Officer would work inconvenience if not serious loss to many citizens. He is, no doubt, as much in favor of keeping the city cleansed as any one, but he does not believe in the passage of resolutions and ordinances so extremely unreasonable in their demands that people cannot comply with them. The Health Officer reports that he found three hundred and sixty single and separate cases which he calls nuisances, and they mostly on the premises of rich people. This is not complimentary to that class of our community, and tends to create an impression in the minds of unprejudiced individuals that a small affair say, for instance, an addled egg is sufficient to constitute a nuisance in the estimation of our very rigid and somewhat exacting, not to say slightly tyrannical Health Officer.

### Stabbed in the Back.

About four months ago Mr. JOHNSON, of the Santa Babara *Press*, began to develop his plan for a more general and extensive advertisement of Southern California. His programme embraced that portion of the State known as the five southern coast counties. He visited the newspaper offices and the business men of those counties, and so far as we are informed, the plan was universally endorsed by all—the newspapers, without exception, lending their influence to advance the scheme. Mr. JOHNSON employed an eminent photographer—Prof. JAMES—to travel over the country and take photographic views of the cities, towns, groves, vineyards and other places of importance and interest. He was accompanied by an able writer—Colonel HODGE—who carefully compiled such facts, both statistical and historical, as would be useful accompaniments to the pictures. This work was done at a cost which, Mr. JOHNSON says, aproximated $3,000. The remainder of the plan—how these photographs were to be engraved and appear in the *Weekly Press*—how the circulation of that paper was to be increased to at least one hundred thousand copies; the journey to the East and Europe, together with the details of the programme, we have already laid before the readers of the HERALD, and they need not be recapitulated. Encouraged by press and people, Mr. JOHNSON went on perfecting his arrangements and after an exhibition and lecture in San Francisco he proceeded on his way eastward. He had hardly crossed the Rocky Mountains before a number of newspapers that had spoken favorably of the enterprise and which Mr. JOHNSON had reason to believe his friends, attack the plan which they had partially or wholly endorsed, and proceed to prefer charges of partiality and prejudice against him. We do not, of course, assume to know the object of these editors, but it is apparent to all that the effect of their adverse comments will be to discourage those who have promised to aid the scheme with subscriptions and prevent the payment of the larger portion of the money. This is perhaps the object in view. Ignoring the purpose, it seems unfair to attack an absent man. It looks dishonorable to do so when one has been friendly, or pretended a friendship, to his face. It is charged, and we believe it is the chief charge, that Mr. JOHNSON exhibited more views of, and said more about Santa Barbara and Santa Barbara county at his exhibition in San Francisco than of any other point. We do not know how much truth there is in this, but we will assume it to be true. Let it be remembered that Santa Barbara has contributed perhaps three dollars where any other place has contributed one dollar toward carrying out this enterprise. We do not believe Mr. JOHNSON will show a prejudice against any one point in the five counties, but suppose he should be so unwise, and by representing Santa Barbara to be an oasis—a paradise—induce fifty or five thousand people to go there, how childish and silly to set up the argument that by so doing he will work an injury to Los Angeles or San Diego. Let the people once get to Santa Barbara, and they will soon find out for themselves all about the country—its advantages and disadvantages. We distinctly remember that Mr. JOHNSON said on every occasion that it was his purpose to give each place prominence in proportion to the assistance it gave the enterprise. There is no evidence that he has failed to fulfil his promise in this or any other respect, and until such evidence is forthcoming it is in bad taste to attack him; especially so when he is out of the State.

## CUTTING TIMBER ON PUBLIC LANDS

### The Rights of Settlers Defined.

DEPARTMENT OF INTERIOR,
GENERAL LAND OFFICE,
WASHINGTON (D. C.), Sept. 16, 1874.

*Register and Receiver, San Francisco, California:*

GENTLEMEN: It has been represented to this office that cases have occurred where *bona fide* homestead and pre-emption settlers have necessarily cut timber on land embraced in their settlements, in clearing the same for the purpose of cultivation, which they have the right to do for that purpose, as set forth under the 3d head in the circular of December 24, 1855, that the timber so cut has been found to be in excess of their wants for domestic or farming purposes, and that you have held in such cases that the settlers were not at liberty to dispose by sale of the excess of timber, even although the alternative should be to burn or allow it to rot on the premises. I have therefore to state that in any such case the settlers should be allowed to dispose of the excess of timber, over and above their wants for domestic uses, in such manner as may best subserve the interests of their settlements. This is to be understood, however, as having reference only to cases in which you are satisfied that the parties are acting in good faith as honest settlers; that the purpose of the cutting was to clear the land required for cultivation, and not sale or speculation, it not being intended that you should in any respect remit or relax your efforts to prevent speculators from using homestead or pre-emption settlements as a cover for the fraudulent purpose of stripping the land of its timber. Very respectfully, your obedient servant,

S. S. BURDETT,
Commissioner.

DEPARTMENT OF INTERIOR,
GENERAL LAND OFFICE,
WASHINGTON (D. C.), Sept. 11, 1874.

*A. J. Parshall, Esq., Rosedale, Hanson County, Dakota:*

SIR: In reply to your letter of the 24th ult., I have to state that it is held by this office that settlers under the homestead or pre-emption laws may use the timber growing on the land upon which they have settled for all necessary domestic purposes, as far as building, fencing, and fuel, but not for sale or speculation, until after they have proved up and paid for the land, if pre-emptors, or if homestead settlers have made the required proof of settlement and cultivation, and obtained their final certificates, according to law.

If, however, there should be any "dead" or "fallen" wood on the land, or if, in making a clearing for actual settlement or cultivation, there should be an excess of timber necessarily cut for that purpose, over and above what is needed for domestic and farming purposes, the settler is at liberty to dispose of such wood or excess of timber in such manner as may best subserve the interests of his settlement; but he must, in any such case, be able satisfactorily to show that he is acting in *good faith*, residing on the land and performing such acts as indicate his intention to make the premises his permanent establishment, and that the disposal of the timber was done under the circumstances stated, and not for spoilation; otherwise, he may render himself liable to the penalty of that offense, as indicated in the circular of December 21, 1855; copy inclosed.

Very respectfully, your obedient servant,

S. S. BURDETT,
Commissioner.

DEPARTMENT OF INTERIOR,
GENERAL LAND OFFICE,
WASHINGTON, D.C., June 22, 1868.

*Alfred Russell, Esq., U. S. District Attorney, Detroit, Michigan:*

SIR: I have received your letter of the 19th instant in relation to the right of a homestead settler to use the public timber upon the land entered as a homestead. It is held by this office that the homestead settler may use the timber on the land which he has settled upon for all necessary domestic purposes. as for building, fencing or fuel, but not for sale or speculation.

If, however, in making a clearing for actual settlement and cultivation, there should be an excess of timber necessarily cut for that purpose over and above what he needs for domestic and farming purposes named, he is at libery to dispose of such excess as may best subserve the interests of his settlement, but it must in any such case be satisfactorily shown that the party is an actual *bona fide* settler, residing on the land and performing such acts as indicate his intention to make the premises his permanent establishment, and that such excess is of the character indicated, and not for speculation; otherwise the party has no exemption from the penalty of spoilation.

I am very respectfully, your obedient servant,

JAMES S. WILSON,
Commissioner.

DEPARTMENT OF INTERIOR,
GENERAL LAND OFFICE,
WASHINGTON, D.C., July 17, 1874.

*Register and Receiver, San Francisco, California:*

GENTLEMEN: I am in receipt of your letter of the 12th ultimo, transmitting affidavit of John C. Beatty, setting forth that he is a qualified preemptor upon a tract of land situated in Township 10 N., 14 W. Mount Diablo; that he has improvements thereon, consisting of houses, barns, stables, orchard, fencing, etc., to the value of over $2,000; that he has deposited $115 to pay for survey of same, but that the township plat of survey has not yet been filed in your office; that in preparing his land for cultivation, he has cut and prepared for market a quantity of wood and a little more than 100 cords of bark which will become worthless if allowed to remain upon the land undisposed of until his title is perfected.

In view of the foregoing facts and that he desires to cultivate the land upon which he now is, he asks that he may be permitted to remove and dispose of the same.

In reply, I have to inform you that a *bona fide* pre-emptor upon timber land, who finds it necessary to remove the timber in order to prepare the land for cultivation, may make such disposition of the timber so removed as he thinks proper.

In the construction of the Act for the prevention of the removal of timber from the public lands, this office does not presume the same to have been framed for the purpose of embarrassing the honest settler, whose object is to clear and prepare his land for cultivation, but rather to serve as a check upon the dishonest speculator, whose only object is to despoil the public lands of timber for purposes of gain.

Mr. Beatty may, therefore, be permitted to remove and dispose of such timber as he actually finds necessary in order to prepare his land for cultivation, he being responsible for the proper use of the privilege.

Very respectfully,

S. S. BURDETT,
Commissioner.

### Edwin Booth's Affairs.

NEW YORK, Sept. 30.—Booth's Theater will be sold under foreclosure November 5th, and the friends of Booth are making efforts to have the theater remain in his hands. They state that the unsecured creditors will extend all the leniency he may require, and if enough of money can be raised to satisfy the mortgages, amounting to $300,000, the security for which is good, the affairs of Booth may be arranged.

### Chicago and the Underwriters.

CHICAGO, Sept. 30.—The proprietors of several prominent jobbing and commission houses in this city expressed their opinion yesterday to a reporter concerning the recent action of the New York Underwriters with reference to insurance risks in Chicago. The several opinions seemed to be that much more noise and speculation has been created over this matter than it deserved. One firm stated that they were giving the usual credit, and would probably continue to do so, inasmuch as they believed the people of Chicago and the underwriters would soon effect a compromise. This was the opinion of nearly every merchant with whom the reporter conversed on the subject.

### A Gilt-Edged Marriage.

WASHINGTON, October 1.—The marriage of Thomas W. Fitz, of the Engineer Corps, U. S. Navy, to Miss Maria Ewing Sherman, daughter of General Sherman, took place in St. Aloysius' Roman Catholic Church this morning at 11 o'clock. The marriage was solemnized by the Most Reverend J. B. Purcell, Archbishop of Cincinnati, a personal friend of Mr. Sherman. The church, which seats nearly 2,000, was densely crowded, that number of invitations having been issued. Among the guests were President Grant, members of his Cabinet, members of the Diplomatic Corps, distinguished army and navy officers, and prominent civilians, nearly all accompanied by ladies.

### From Louisiana.

NEW ORLEANS, October 1.—The Republican Convention at Orleans Parish will be held October 12th. The Republican State Central Committee last night ratified the Conference agreement, with the addition that in case of vacancy from death or any other cause, of a Republican member of the returning board, the pledge should be exacted that the Republican should be selected by the Republican Committee to fill any such vacancy; the same rule to apply to the Conservatives.

### Ships for the Pacific Mail.

CHESTER, Pa., October 1.—Twenty-eigt car loads more of iron were received to-day at Roach's ship-yard for the three new ships building for the Pacific Mail Company. The keels of two are laid and the third goes down next week.

### Fire at Saratoga.

SARATOGA, October 1.—A fire this morning broke out in the south wing of the Grand Hotel. The flames spread with great rapidity, soon enveloping the front and the entire building.

LATER—3 P. M.—The fire in the Grand Hotel is under control. The Union: Congress, Columbian and National Hotels are out of danger.

## SAN FRANCISCO.

### A Seducer Shot At—After Coroner Rice—Defaulting Assessors—China News—Attempted Suicide—Murderers in Jail.

SAN FRANCISCO, October 1.—The father of Miss Yoakum, who shot at Dr. Buckley to.day, visited her in jail this afternoon. He says she attempted to slay him because he had ruined and betrayed her.

District Attorney Ryau has filed a complaint in the Twelfth District Court to procure the removal of Coroner Rice for misconduct in office. The complaint sets forth the principal fact developed in the recent examination before the Finance Committee of the Board of Supervisors.

The examination of the defaulting Deputy Assessors will be held in the Police Court next Saturday. One hundred shares of Crown Point and one hundred shares of Union Consolidated mining stock belonging to one of them, Newton Morgan, were attached to-day.

SAN FRANCISCO, October 2.—The steamer Vasco de Gama arrived this morning, 29 days from Hongkong and 20 days from Yokohama. On the 13th of September she encountered a typhoon which lasted six hours and was of terrific force. After that she had fair weather.

P. Beerman, who stabbed himself last nigh is very low, and his physician says he cannot recover. Family troubles led to the suicidal act.

The Finance and Auditing Committee of the Board of Supervisors, will commence to-day an investigation into the affairs of the Assessor's office, and it is reported that charges are already made in that quarter also. These proceedings have caused intense excitement in official circles, and all are anxious to know who and what comes next under the ban.

There are thirteen prisoners in the county jail awaiting their trial for murder.

Miss Yoakum, who shot at Dr. Buckley yesterday, has been released on $3,000 bail.

The Vasco De Gama brings dates from Yokohama to September 11th. The assassin of Haber, Acting German Consul at Hokodadi, has been sentenced to death. The Mikado has expressed to Von Brandt, the German Minister, his personal regret at the occurrence. The Minister notified the Government that, while he does not press any money compensation, he demands an Imperial notification forbidding the wearing of swords within certain distances of the foreign settlements.

The typhoon which visited the southern part of Japan August 20th, was one of the most severe ever experienced by foreigners. The steamers Hing On and Sooloo, and the German bark Hamburg, were driven on rocks at Nagasaki. The ironclad Stonewall was sunk; hundreds of Japanese junks were wrecked, and fully two hundred lives lost. At Nagasaki houses were overthrown, and the Governor's new houses are a heap of ruins. Lobe also suffered. Not less than one thousand junks were wrecked. Sagaken came in for its share of the typhoon. Six thousand houses were destroyed and one hundred lives lost. Thousands of cattle on plantations were killed.

Ten thousand Chinese troops had reached Signapo en route to Formosa. When the Vasco left Yokohama there were still conflicting reports about Formosa. The opinion seemed prevalent that war must ensue.

Senator Sargent will not make his usual visit to California during his present Congressional vacation.

### The Marston Concerts.

The forthcoming concerts promise a rare treat. A new feature will be introduced in these concerts—four first-class pianists will play a couple of quartettes on two grand pianos each evening. Mendelsshon's Wedding March will be performed the first evening and a brilliant gallop. Prof. Schad, the eminent pianist, who lately came here from San Francisco has quite recovered his health and will be one of the pianists. Miss Marston will be ably assisted and a capital programme will be offered the first night, and if the programe each evening (and we are informed it will be) is as good as the first night a series of most excellent performances will be given, probably more enjoyable than ever before offered here. Those who have not secured their season tickets should do so immediately.

### Remonstrance.

The following remonstrance was presented to the Common Council yesterday, and on motion, ordered published:

To the Honorable the Mayor and Common Council of the City of Los Angeles: The undersigned, your petitioners, would respectfully represent to your honorable body that the building of the sewer beyond Commercial street, on Main street, is for the present unnecessary; besides, it is too late in the season to commence such a work, and would be, during the Winter months, an intolerable nuisance. property owners, at their own expense, have constructed sewers between Commercial and Requena sereets, and now, to oblige them to pay for a new sewer would be oppressive.

Hoping that this representation will receive prompt consideration from your honorable body, your petitioners, as in duty bound, will ever pray, etc

The exports from Los Nietos depot yesterday were 105 sacks rye, 205 sacks barley and 4 bales wool.

The private sewer in course of construction on Main street by Perry & Riley is to be completed by consent of the Council.

There have been seven baptisms at the Catholic Church during the present week. Yesterday an American, thirty-five years of age, received the rite.

An employee of the railroad company at work on the depot building at Spadra had his hand badly crushed yesterday. He was brought to this city for medical attention.

The German entertainment and ball comes at off Turn-Verein Hall this evening, and not Sunday evening, as reported by our evening cotemporary. A general good time is expected—such as our German friends always have at their merry-makings.

The 10th of this month is designated by contract as the time for the city to deliver the Woolen Mill ditch into the hands of the Canal and Reservoir Company, the lessees. The necessary ceremonies of transferring the possession of the ditch will devolve upon the Committee on Zanjas.

Mr. Chas. Shepherd, the Manager of the Western Union Telsgraph at this place, yesterday moved his office into the new quarters in Perry & Riley's building. The accommodations in the present location will be much superior to those in the old office.

Mr. J. E. Reed, a farmer living near the city, returned yesterday from a visiting trip to the East. Mr. Reed is the gentleman who demonstrated "What a man can do on forty acres," as published in the HERALD some time since.

Robert Gaines, the party who was recently before Judge Gray on a charge of maliciously killing a neighbor's horse, was again arrested yesterday on a complaint of assault with intent to commit murder. From killing an innocent dumb brute through spite, it is an easy step to the commission of murder. The fellow ought to be severely dealt with.

From the City Treasurer's report for the quarter just concluded, which was presented to the Council yesterday, the following figures are condensed: The aggregate balance on hand in 14 of the regular funds is $10,712 25. The amounts overdrawn on the Railroad Interest Fund, School Bond Fund and Funded Loan Interest of 1862 foot up $1,198 84. Unappropriated moneys on account of taxes yet to be apportioned, $1,051 10; leaving a net balance of cash in the treasury, $10,564 51.

Serious objections are being raised in the Council against the grading of upper Main street by the Spring and Sixth Street Railroad Company for the extension of their track to the new depot grounds. In one place a cut of six feet has been made and it is claimed that this will almost ruin the street for purposes of travel by teams. The work has been ordered discontinued by the Council until the grade can be regularly established by the City Surveyor.

An exchange reports the death of Dona Soledad O de Arguello, in Santa Clara on the 27th ult., aged 77 years. She was the wife of Captain Don Louis A. Arguello, first Governor of Alta California under the Mexican Government, and grandmother of the Messrs. DeCelis of our city. Some time since Mr. Jose M. DeCelis started for Spain to bring his mother back with him in order that she might see the aged lady, her mother, before her death, the two having been separated for twenty-two years. It will be a sad disappointment to the long absent daughter when she arrives after her long journey to find it in vain.

### Literary and Musical.

Professor Snyder's entertainment at Good Templars' Hall last night was quite slimly attended, but passed off very satisfactorily. The readings by Prof. Snyder consisted of the trial scene from the Merchant of Venice and the selection from Dickens—"Mr. Pickwick in a Dilemma"—were rendered with a full appreciation of their spirit, but, unfortunately, the Professor's voice is so far broken that the effect was not favorable. Miss Olivas sang a Spanish song entitled "A una Flor" with much grace and in place of "L'Estacia," as named on the programme, she substituted the "Beautiful Danube," which called forth a spirited encore. Miss Olivas' voice is rich and sweet and she sings without an apparent effort, never failing to impress her hearers favorably. Miss Binford played a piano solo, which called forth a hearty response from the audience. The duets rendered by Prof. Arevalo and Mr. Fanning and by Prof. Havell and Mr. Fanning were also favorably received. The original poem, entitled "Los Angeles," by Mr. A. T. Hawley, was fully up to his best style of composition. Altogether, the entertainment may be pronounced a success and thoroughly enjoyed by all who were in attendance.

## Common Council---Adjourned Session.

The Council met in adjourned session yesterday at 3 P. M. Present, Councilmen Beaudry, Mascarel, Chavis, Workman, Huber and Sabichi. Absent, De Celis, Valdez and Dockweiler.

By permission, C. E. Thom addressed the Council, presenting documents protesting against the claim of Pedro Ballard for a deed for a certain piece of land claimed by him. Mr. Thom desired to refer the documents directly to the Committee on Lands without passing through the hands of the Council.

Mr. Beaudry, on the part of the Committee, objected to receiving the documents unless they pass through the hands of the Council and are referred in regular form.

Some discussion ensued, when the papers were offered to Mr. Beaudry, which he refused.

The City Surveyor reported in the matter of the private sewer of Messrs. Perry & Riley, representing that it is built simply as a temporary relief for the drainage of their building, and not intended to exempt them from paying their assessments for the Main street sewer.

By permission, Mr. Riley addressed the Council, requesting the privilege of continuing the sewer. Permission granted.

The City Treasurer presented his report for the quarter ending Sept. 30th, with the following exhibit of receipts and disbursements:

A resolution was presented declaring assessments against property owners for the grading of Main street, as ordered by the Council.

Passed by the following vote: Ayes—Beaudry, Mascarel, Chavis, Workman, Huber and Sabichi.

A protest from property-owners was presented against the construction of the Main street sewer below Commercial, representing that the season is so far advanced that work upon it during the wet season would be an intolerable nuisance; also, that property-owners between Commercial and Requena streets, on Main, have constructed a private sewer, and to compel them to pay for another would be oppression.

Mr. Beaudry thought that the protest had been deferred too long; that the proper time for that had gone by; the assessments had been made and the contract for work let. He moved that the protest be received and published. Carried.

The Special Committee on Assessments reported upon the double assessment brought to the notice of the Council by Mr. Potts, with recommendation that the money unduly collected be refunded, and that all other instances of this kind be treated similarly. A lengthy debate followed on the legality of refunding money thus collected.

Mr. Huber moved that the report be filed and money refunded according to recommendation.

Mr. Beaudry amended that the money be not refunded, as such action would be illegal.

The vote on the amendment stood: Ayes: Beaudry, Chavis, Mascarel and Sabichi. Noes: Huber and Workman. Amendment carried.

Original motion lost by the following vote: Noes—Beaudry, Sabichi, Mascarel and Chavis. Ayes—Huber and Workman.

Messrs. Huber, Workman and Beaudry were appointed a committee to draft an ordinance giving the city the right to make purchases at tax sales.

Mr. Huber stated that the parties at work on the grade for Spring and Sixth Street Railroad on upper Main street had treated the order of the Council with contempt, refusing to discontinue work. He moved that the railroad company be enjoined by the City Attorney and compelled to stop further proceedings toward making grades. Mr. Workman amended that the company be notified again of the wish of the Council in writing over the signature of the Mayor. Mr. Beaudry was opposed to entering at once into a law suit which would doubtless prove useless. He stated that he understood no hardship had been inflicted upon the property-owners fronting upon the street where the grade was being made. He was in favor of Mr. Workman's amendment—taking the more pacific course. The amendment was carried and the original motion lost without action.

A bid was received from Messrs. Gay & Co. for the building of the culvert on Spring street between Fourth and Fifth for $180.

On motion the bid was rejected and it was ordered that another advertisement be published inviting other bids.

A resolution was presented regulating the grades of certain streets ordered to be improved by the Council.

A notice of intention to change grades of streets was also submitted in connection with resolution. Referred to the Board of Public Works.

A communication from the City Clerk was received, representing that the work to be done in his office had greatly increased and asking for an increase of salary. Referred to the Committee on Finance.

A petition was presented by Geo. W. Rowe praying for a quit-claim deed from the city for certain lands in his possession. Referred to the Committee on Lands.

A similar petition was received from the heirs of Ramon Ybarra, and referred to the same committee.

A similar petition was received from Rafael Gallardo and referred to same committee.

A petition was received from H. C. Wiley asking the privilege of grading street in front of his property at his private expense. Granted.

The following bills were then presented:

Jose Jorgerd, $30; Bernard Green, $78; Fisher & Thatcher, $75.

On motion, the rules were suspended and bills ordered paid.

Mr. Workman stated that on the 10th of this month the Canal and Reservoir Company are to receive the Woolen mill ditch into their charge as lessees. He moved that the Committee on Zanjas be instructed to make a formal delivery of the ditch. Carried.

Mr. Workman moved that the President, Mr. Sabichi, be added to the Committee on Zanjas during the absence of Mr. De Celis. Carried.

Adjourned.

**The Mutual Aid,**

A paper devoted to the interests of the Association will be sent to anyone applying to the Secretary.

A good, live agent is wanted in every neighborhood in Southern California, to canvass for members.

### NOTICE.

THE DELINQUENT LISTS of the various counties of the State, for the 24th and 25th Fiscal years, (1872-3—1873-4) are now in my hands for collection. Many persons are delinquent for small sums upon personal property, and are urged to examine the rolls in the hands of the Tax Collector of their respective counties and to make immediate payment. The law is imperative, that the payment of the State tax for these years must be enforced, and unless voluntary payments are made at once, heavy costs will be incurred by the delinquents,
